www.ridgeviewfarm-goble.com

I sit down to write this letter thinking of all the other things that must get done yet today. As I get "years of experience" under my belt, it seems that I either take on more work or get less efficient at doing my task. I am not sure which one I fall under but I do know it is one or the other.

One thing I do know is that we take the Hereford industry and breeding cattle very seriously and I think we have gotten pretty good at it. Our base has always been on maternal genetics with more muscle instilled in them. This year we have brought to you a nice young set of productive females sporting good calves. Raise Em Right is our proven herd sire we are offering. He has a great disposition and pedigree coupled with amazing eye appeal and phenotype. Don't miss the opportunity to have him walking your pastures.

We have been very blessed to have wonderful partners in this business that are more than partners, they are our mentors and our friends. Joan Cutler of Cutler's Little Farm is one of the most generous and defined ladies you will ever meet. Dave and Vicki Rollins of Rollins Herefords, we have known them almost forever and they are truly wonderful people. John and Diane Parks, Parks Farm, one of the most iconic breeders in the state of Michigan without a doubt. Good partners, even better friends.

We are blessed to have back The Landrum Family, The Bielema Family and the McDonald Family as consignors this year. It is wonderful to work alongside people who share the same passion as Jami and I do, their cattle operations have always strived for the top and with this year's set will be hard to follow. I write this letter with a flood of memories of days gone by, memories and experiences with a legend, in my mind, Burt Lake. Burt passed in January and having a sale without him here is certainly going to be different. I have so many things to be thankful for in my life. Burt coming into our life is one I am most thankful for, the opportunity to work for and alongside him has created memories I will never forget.

THANK YOU to all our past customers for your support. I feel we have good ones again this year and welcome everyone to join us on Saturday night for the pre-sale party. Sale start at noon on Sunday.

Cheers to good health and happiness of all

God Bless and we will see you in October

Bob

Terms available sale day.

We have been excited about this bull since his birth and knew quickly he would stay and work our pastures.

As our herd is smaller and he is not being used to his fullest we have elected to share "Raise Em Right" with some progressive breeder looking for a well bred, high quality herd sire that can service lots of cows.

He is easy fleshing, deep bodied, has a great hip and leg and a pedigree to insure his breeding ability. His dam was one of our all time favorite donors and a special female from the start. His sire Cracker Jack has written several volumes of Hereford history and remains very favorable in the marketplace.

Give this guy your undivided attention.....you may just want him walking your pastures.

This a powerful designed two year old Deputy daughter
bred by River Valley Polled Herefords.
Her paternal grandmother Lola 55S was a super champion
and donor for Lance Wirth in Wisconsin.
Her Mohican dam was heavy milking with a gorgeous udder.
Lots of cow power in this pedigree.

We are proud to offer this exceptional heifer calf that we feel is a super cow prospect as well as an ideal junior heifer.

Her sire has done it all in the industry and is one of the most widely used bulls ever.

The dam of this heifer was Charlie Boyd Sr.'s selection in an earlier Ridgeview sale for \$9000 who went on to win her class at the North American. We selected her in the Boyd Estate sale last fall and feel fortunate to have her working in our herd.

Halter broke, stylish and ready for that eager junior member's care.

It's hard to repeat.

The Gobles, Landrums, and McDonalds have done this year after year, and in many venues, and we applaud them! To me, the sign of a professional is consistency time and time and again, and the Definitely Different sale, we hope, demonstrates that quality!

We are honored to be asked to participate again, and hope our cattle, too, can provide that same excellence, consistency and progressive genetics our colleagues have demonstrated over the years. We suspect many will be pleased with the sale offering, There are hidden jewels, we think, and there are none we wouldn't want to keep ourselves.

Thanks for your interest!

 Open and ready to flush

An opportunity to flush one of the most elite and unique young cows in the breed. Elite in her makeup being so super stout made, wide based and square on all corner. "Big Butt" as she is referred to is elegantly made still so pretty fronted with a picture-perfect udder. Unique in her pedigree being that her dam is a full sister to the maternally popular Sooner himself and her sire is the 8Y bull. I feel very privileged to own this great female! She was IVFed very successfully after Denver and I have 10 heifer calves due early next year.

Terms of flush to be announced.

This flush of stockman/R505 has been outstanding. The pick of two full sisters in the Reno sale by Colyers won the Western Jr Regional Show last year and the other made an outstanding two-year-old for Dewars in California. They are paternal sisters to our Stock Options bull calf who was Champion Bull at Fort Worth this year!

1703 is stout, stout, stout! Wide based and topped – this bold sprung heifer combines all her muscle pattern with a good length of neck.

1708 is very practical in her makeup. A ton of center rib, lower rib, good hiped and square made.

These high performing R505/Times A Wastin daughters are really impressive.

21E doesn't disappoint from the side as she is long and feminine through her neck and from there long and level in her spine.

22E starts at the ground and sets the trench from there. Big footed, stout made and this coupled with her overwhelming amount of rib shape make her a valuable prospect.

This beautiful flush of Next Level heifer calves out of our popular 5C show heifer gets better every day! 1702 is good haired, practical heifer that combines depth and stoutness with a very nice hind leg set. 51E and 1707 are very similar-goggle eyed, short marked, jacked necked, longer bodied, level topped and have the foot and bone features to make longevity a valued interest.

"The Sundance Kid heifer calves are very popular this summer and this one is no exception. Super cool looking from the side offering lots of femininity in her front end, draws back level in her top, and matches this with a sexy hind leg set. It's no surprise that this dehorned heifer gets out and travels with plenty of flexibility

"Powerfully constructed, big boned, big middle, super stout herd sire prospect by the Fawcett bull Chosen One. His Trust/Natalie mother is a gorgeous front pasture cow that really milles. Birth weight 78 pounds. 205 day weight 780 pounds."

This spectacular Catapult bred heifer is so very hard to part with. Her dam was a former top seller in one of our past internet sales and goes back to the 38X donor from MSU. 5D has been a favorite heifer of many visitors this year. She is so very complete and eye appealing in her makeup and the bonus is she sells bred A.I. to CRR 028X Roll Tide 612 on 4/13/17 with a due date of 1/22/18. Roll Tide was the popular lead bull in the Coyote Ridge Ranch pen in Denver and is a son of Sensation 028X.

This really complete, deep sided, Chosen One bred heifer is out of donor MSU 38X who was a top seller at the MSU dispersal and sold last year to Jim Steketee. Lots of maternal value here.

Super sound, pretty fronted, good uddered, moderate made and just a fun cow to be around.
 Really cool patterned, athletic Churchill Toro herd bull prospect that has a nice hip and leg structure which enables him to be super free in his movement."

Goggle eyed short marked elegantly made dehorned Next Level heifer. She is beautifully fronted, deep sided, level topped and good legged with lots of potential.

This really pretty 3-year-old was our pick of the 88X/Blaze flush from Pierces. The Blaze cow is one of the really good cows in the breed and the dam of National Champion, Times A Wastin. This young cows gorgeous udder is typical of the 88X daughters and she is very difficult to port with.
